T690775G	Movable side closing door, decorated with green graphics, opening to the right, with plugs and screws	1 pc
V050069	Set with 6 "T" plugs for asymmetric frame, light grey	2 pcs

GREEN BOX

Components made with certified recycled plastic PSV - Second Life Plastic

Efficient: avoids subjectivity of the operator when dosing, preventing waste of water and cleaning solution

First CFP Systematic Approach certified in Italy: the system developed by TTS makes it possible to quantify greenhouse gas emissions for each stage of the product life cycle*

Quantifying the Carbon Footprint of a product (CFP) enables an environmentally conscious and responsible choice

*Dose not included in product Carbon footprint (CFP)

Eco-friendly: completely made of polypropylene, non-rusting, solid and entirely recyclable

Sustainable: reduces the consumption of chemicals and water thanks to the on demand and horizontal soaking that humidifies only the cleaning fibre

Advantages

- **Total control:** reduces subjectivity of the operator allowing total control of the dosage
- **Effective:** the cleaning solution is protected in a hermetic tank that keeps intact the active ingredients of the chemical
- **Versatile:** allows you to adapt the moistness of the mop to the size of the area to be cleaned and the type of floor
- **Versatile:** bag holder provided with a drawer that can be used to carry cleaning tools or to collect waste if used with the convenient insert
- **Hygienic:** the plastic frames clearly separate the trolley modules avoiding contamination between the washing, storage and waste collection area
- **Shock-resistant:** polypropylene, naturally stainless and elastic, guarantees shockproof performance
- **Easy to maintain:** the smooth surfaces and the absence of cavities facilitate cleaning and guarantee a high level of hygiene
- **Highest safety:** key system to manage safely the trolley
- **Customisable:** the panels of the trolley can be customized with decorative motifs, advertising or with the image of the cleaning company to make the trolley a means of communication

Material

Polypropylene

Features

Magic System configurations are designed to better meet the needs of those who need an integrated washing system in the trolley. They are equipped with 4L colour coded buckets with transparent lids and 125 mm wheels
